See you at the Witta Markets on Easter Saturday

Tranquil Witta is the peaceful setting of one of the most delightful monthly markets on the Blackall Range, showcasing the best from small growers and producers.

The organisers are passionate about supporting the local economy, and this is reflected in the extensive offerings of locally grown and produced seasonal fruit, vegetables and locally made products.

The market stalls sell organic pork, beef and chicken, veggie and herb seedlings, plants, organic dry goods, mulch hay, Obi Obi Valley olive oils, honeys, gourmet pies, body products and soaps, quality arts and crafts, jams and preserves – and so much more.

There's great food and good coffee (don't forget to bring your favourite cup to help reduce single use cup waste) and did we mention music?

This month's musician is the wonderful Lee Hardisty.

Witta Market, at the Old Witta School is open on the third Saturday of each the month between 7.00 am and 12.00 noon.

You can follow the Witta Market Facebook page at <https://www.facebook.com/wittamarket/>

Can your rural property withstand a bushfire?

Maleny Rural Fire Brigade are now urging landholders to prepare their properties now for what is expected to be a dry bushfire season.

Operation Cool Burn has now been officially launched and urges rural and regional property owners to be proactive in preparing their land against the risk of bushfires.

The long-range weather forecast showed little rain was expected across the SEQ regions. Because the long-range weather forecast doesn't have any great rainfall events expected so now is the time to get on the front foot and prepare rural properties for the next season. Queensland's bushfire season traditionally begins mid-year

The recently past intense summer period saw large forested areas razed due to a build-up of fire fuels and it is important that proper preparation is carried out over the next few months to prevent a repeat next season.

Landowners should consider reducing fire fuel loads where possible, put in fire breaks, mow lawns particularly around structures, slash overgrown vegetation and empty gutters.

Fires will require permits which can be obtained from local wardens. For any further information visit the Rural Fire web site at:

<http://www.ruralfire.qld.gov.au>

Sunshine Coast loves Solar Energy

The Sunshine Coast has one of the largest rooftop solar uptakes of any local government area in Australia, with 41% of dwellings choosing to harness the sun and last week Caloundra was named one of the top five rooftop solar postcodes in Australia.

Sunshine Coast Council is helping residents make the most of their investment and has engaged an independent renewable energy expert to assist.

Energy guru Trevor Berrill said installing solar panels was just the first step to saving on your energy bill.

“A common reason people don’t get the dollar return they should is they install panels then forget about them,” Mr Berrill said.

“To get the very best return on your investment and maybe even a credit rather than a bill, you need to understand your tariff and then use your energy accordingly.

“For instance, someone on the high bonus rate feed in tariff of around 50c per kilowatt-hour (kWh) should be using their appliances at night, while those on the newer 8c per kWh tariff rate should use their appliances during the day.”

“There are also impressive additional feed in tariffs available to solar owners and independent comparison websites like WATtever can help you find them.”

To find useful articles, resources, events aimed at helping you save on your power bills, visit [saving with solar](#) on council’s website.

“Our community have the real power to change our region’s energy use, so it’s important we help them on their renewable journey.” Cr Robinson said.

Notre Dam Cathedral burns

Notre Dame de Paris is burning....850 years of history goes up in smoke. Notre Dame is one of the world’s great treasures and is one of the finest examples of French Gothic architecture is one of the most widely-recognised symbols of the city of Paris and the French nation.

The cathedral was begun in 1160 and was mostly completed by 1260.

The Cathedral has now sustained significant damage, including the collapse of the entire roof and the main spire.

Maleny Bowls Club Inc. has made arrangements for the recycling of all eligible cans and bottles. This will assist the club financially.

Purple bins are located at the top of the ramp from the club car park into the club grounds. Community members are encouraged to deposit eligible items such as cans and bottles that are covered by the 10c deposit scheme into these bins.

The proceeds from the recycled items will go towards providing extra benefits to the club thus ultimately to the Maleny community.

It is most important that wine bottles and other non-eligible items are not placed in these bins as the club will have to pay a disposal fee if the bins are "contaminated".

Witta Tennis Club

Witta Wompoos had a close match against Gympie Silver on April 14th in the Sunshine Coast Tennis

Veterans competition under blue skies.

After slumping to 3 sets down after the mixed and men's doubles the team rallied back with sets tied after the ladies doubles and again before going into the final two mixed doubles games. Steady, strategic tennis saw the combinations of Denis and

Donna and Paula and Jim secure for Witta a win of 7 sets 56 games to 5 sets 53 games.

A huge thank you to Noel George who capably filled in for the injured Bob Eather. Thanks also to our opponents for an enjoyable afternoon's tennis.

Who Remembers this?

If you fondly remember a time when the family would gather around the sofa or dining table and tune into the wireless for the latest news or entertainment.

There were the regular afternoon radio serials such as "Dad and Dave, Biggles, The Phantom, SeaHunt and many more" These radio serials were eagerly looked forward to each day. Radio allowed more use of imagination that TV ever does.

Bankfoot House and Anywhere Festival have provides an incredible opportunity to relive those days. For two shows only on Saturday, May 11, between 12.30p.m. and 2p.m. The Drama Merchant and his radio team will bring Louisa May Alcott's universally beloved novel and coming of age story, Little Women, to the picturesque property of Bankfoot House in the Glass House Mountains.

The Range Croquet Club - Maleny

Croquet is often considered a sport for older people.

Contradicting this opinion is a group of younger players at the top levels. Robert Fletcher from Australia, was world champion in 2013 at just 20 years of age.

One of the reasons for the appearance of elderliness in clubs might be that experienced players often refer to one another as "pegging out" or having "pegged out".

On Tuesday Nick Cram "pegged out". To the non-playing observer this gives an impression that club members are regularly dropping off the perch, dying. In fact, "pegging out" is the primary objective in a croquet game. It means the player has conclusively won the game scoring 12 hoops with each ball and then hitting them against the centre peg.

The attached photograph shows Nick Cram, in the Sunshine Coast second division association championships, pegging out in his game against Ken Wallman from Bribie. He has already hit his black partner ball against the peg and now wishes to inflict further damage upon it by striking it with the blue.

Donna Manning, refereeing, keeps a watchful eye for the slightest abrasion of the peg since, if Nick were to miss he would let Ken back into the game.

The Sunshine Coast Regional Championships are underway. Second division association championships were held on our lawns with three of our players competing. Vince Carbery,

Ken Barker and Nick played well in patches, however the championship was won by Bill Habner from Noosa in a very good final against George Oliver from Coolumb 26-16. It was the best game of the tournament, a game that could have gone either way.

Many thanks to Sarah Widin and Wallace Roy for their work preparing the grounds beforehand; also to all of those people who came down and helped in the clubhouse and kitchen for the event. And finally to Val Carbery who refereed throughout and to Donna Manning who was instrumental in the organization of the tournament and who refereed on Tuesday.

On Wednesday and Thursday the third and fourth division association championships were well hosted by Nambour club. Sarah Widin played well but the winner was Noel Stoddart from Nambour who won four of his five games.

Thursday saw thirty players from a caravan group enjoying a good time on our lawn while on Friday 9 people from Caloundra visited and played socially with five of our members.

It has been an extremely busy week with special thanks to all those who have turned up to help. On Sunday Donna and Nick trounced Helen Andrews and Ken in a game of doubles 13-7.

Coaching for beginners and others is available on the lawn from 8 am to 10 am on Saturdays. These are popular sessions in a friendly, relaxed atmosphere.

With the advent of cooler months playing times revert to the earlier start of 1 pm for games to begin at 1.30 pm.

Play days on the picturesque lawns at the bottom of the showground are 1.00 pm for 1.30 pm on Thursdays and Sundays.

Support Keeps Flowing

We are lucky to live in a town where business and community work together - last week, we reported on the generosity of Maleny's Mitre 10 store, this week it's a big thank you to the Rotary Club of Maleny for donating to Jared's Bridge to Brisbane fund-raiser to Motor Neurone Association Qld, in memory of Joyce Newton.

To date Jared has raised \$2415 and it is not too late to make that target grow! The big day is August 25th so let us all put in and see just how much this community can help Jared and Joyce raise for this important cause.

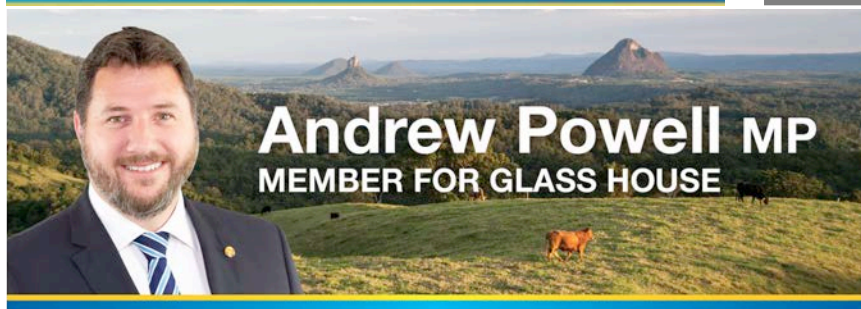

If you would like to donate, please go to this link:

Maleny District Sport and Recreation Club Inc

Who Remembers this?

In a past lifetime, not too long ago the Maleny District was a noted dairy producing area. Originally butter was the main product produced, however in later years milk production became more important.

The building pictured below was the third Butter Factory and was constructed in 1940 in what at the time was known as Factory Road, or as it is now known, Coral Street.

On the 1st July 1978 the Maleny Co-operative Dairy Association amalgamated with Caboolture Dairy Co-Op and the third Maleny Butter Factory in Coral Street, stopped producing butter in July 1981 but continued to process milk and used as depot for milk from the area prior to being transported to Caboolture.

In the 1950's Maleny supported some 300 dairy farms. Then came deregulation and by 1980 only 20 remained. This condemned the area as a prime producer of dairy products.

Today the dairying tradition is continued through the efforts of Maleny Dairies and the Maleny Cheese Factory. Both companies continue to produce ultra premium dairy products.

Beware of Door to Door For Traders

The Office Of Trading has advised that there has been an increase of unscrupulous door to door traders who often targeted vulnerable consumers, trying to take advantage of the elderly, consumers for whom English is a second language. Take care when being approached by unsolicited sales people.
